Dr. Pierre-Luc Michaud, D.M.D., M.Sc., F.R.C.D.(C) is an Assistant Professor of prosthodontics at the Dalhousie Dentistry.

Dr. Michaud received his dental degree from Université de Montréal in 2007. After graduation, he joined University of Toronto for a GPR program and went back to Université de Montréal where he completed a residency in prosthodontics in 2011. He was part time clinical instructor in prosthodontics from 2009 to 2012 at Université de Montréal and

then University of British Columbia. He joined Dalhousie for a full-time position in 2012.

Dr. Michaud is currently the course director for the Prosthodontics 4 course at the Dalhousie Dentistry. His research interests include biomaterials and surface bonding. He actively maintains a private practice in the Dalhousie intramural Faculty practice, where he covers all aspects of prosthodontics. He also is a fellow and examiner of the Royal College of dentists of Canada in Prosthodontics and he serves as a member of the Journal of Prosthetic Dentistry's Editorial Review Board.

Dr. Aditya Patel, DDS, MPerio, F.R.C.D.(C) is a certified specialist in Periodontics and is a registered Fellow in the Royal College of Dentists of Canada.

In 2012, Dr. Patel graduated from the Doctor of Dental Surgery program at the University of Toronto. Following graduation, he enrolled in the Masters of Periodontics program at Dalhousie. During his residency he became well-versed in providing care in all aspects of periodontic specialty treatment and dental implantology.

Dr. Patel is an executive member of the Canadian Academy of Periodontology, and is also member of the American Academy of Periodontology, Canadian Dental Association, and the Nova Scotia Dental Association.

He currently works full time in private practice in Halifax, Truro, and Sydney, Nova Scotia. He enjoys teaching and is involved in the Graduate Periodontics department and is also Co-Director of the Perio By The Ocean Study Club for periodontics and implantology.

Mr. Christian Hall, RDT, B.Comm is owner of Hallmark Dental Laboratory, a Halifax, Nova Scotia Dental Laboratory established by his Parents over 35 years ago.

He joined the Hallmark team in 1997 after graduating from Saint Mary's University with his Bachelor of Commerce. Since obtaining his RDT

and succeeding his father in 2010, Christian has grown Hallmark Dental Lab into one of the leading local labs in his area, through his dedication, enthusiasm to learn and his ability to lead.

He also has a sincere devotion to providing the best value and service to both his clients and patients.
