

CONNECTIVE TISSUE GRAFTING FROM THE ROOTS UP

LECTURE (4 CE) AND HANDS ON (4 CE)

7:30 - 8:00 Breakfast/Registration

8:00 - 12:00 Lecture (with break)

12:00 - 1:00 Lunch

1:00 - 4:30 Hands On

Early bird (pre April 27) \$799 + HST

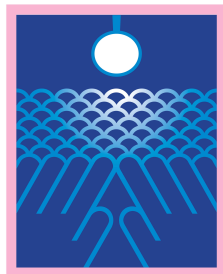

Regular fee \$899 + HST

Purpose:

To introduce the foundation principles of soft tissue grafting and discuss the indications and techniques for connective tissue grafting for root coverage and gingival augmentation

Description:

Multiple approaches to soft tissue grafting for root coverage and gingival augmentation exists. The course will guide participants to understand the mechanics of soft tissue healing and grafting procedure so that outcomes can be better predicted. Difference between autogenous and alloplastic grafting material will be discussed. Following the lecture, participants will be working on pig jaws to practice CTG technique and suturing.
